Hotel/Motel

Discount Directory

General Services Administration
Office of Federal Supply and Services
Washington, DC 20406

To the Federal Traveler and Travel Manager:

Economy in government is a paramount concern of this Administration, so the General Services Administration (**GSA**) has prepared this fifth edition of the **Federal Hotel/Motel Discount Directory** to continue aiding you in conserving travel funds, which are taxpayer dollars.

The fifth edition of the **Discount Directory** lists more than 2,630 lodging establishments in 998 cities in all 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the Commonwealth of the Mariana Islands (Saipan). For Federal employees on official business, each establishment listed has agreed to provide quality rooms, on a space-available basis and at the discount rates shown in the **Directory**.

GSA continues to be in the forefront of efforts to obtain discounts for Federal travel. While administering the program detailed in this **Directory**, **GSA** has obtained the valuable assistance of the Military Traffic Management Command (MTMC), Department of Defense (DOD).

The **Federal Travel Directory**, published monthly by **GSA** and DOD, includes schedules for the airline and AMTRAK services, information on ground transportation and the locations of the Federal travel management centers available through **GSA** programs.

These programs are meeting objectives of this Administration. They have made travel arrangements for Federal employees more efficient and convenient. Most important, though, is the economy these programs provide. They could save the Federal Government at least \$80 million over the next year.

Since individual business requirements differ, use of the discount lodgings listed in this **Directory** is not mandatory. Because of the savings, however, and the additional benefits, all Federal travelers and travel managers should make every effort to participate in **GSA's** discount lodging and travel programs.

GERALD P. CARMEN
Administrator
U.S. General Services Administration

The Office of Federal Supply and Services (FSS), which provides support services to federal agencies in procurement, supply, distribution, and material management, has added transportation management programs to our organization. General Services Administration (GSA) travel management has saved millions of federal dollars by its innovative air and rail contracts and program for discounted lodgings for federal travelers.

The latter and its product, the **Federal Hotel/Motel Discount Directory**, is a successful program. Federal travelers ordered over 33,000 directories last year for their travel needs. When the **Directory** was first issued in 1981, 1,200 hotels and motels in 475 cities were included; this issue contains over 2,600 establishments in 998 cities.

We welcome this expanded use of the discounted rates negotiated by travel specialists throughout the United States to assure the federal traveler of appropriate accommodations at reasonable costs.

Your continued use of the **Directory** saves tax dollars and reduces federal travel expenditures.

A handwritten signature in black ink, appearing to read 'L.L. Mitchell', with a long horizontal flourish extending to the right.

L.L. MITCHELL
Assistant Administrator
Office of Federal Supply and Services

Federal Hotel/Motel Discount Directory

How to Obtain Copies of the Directory

Federal agencies have been invited by the Office of Federal Supply and Services (FSS), U.S. General Services Administration (GSA), to purchase their **Directory** requirements in bulk from the Government Printing Office at cost and distribute them to their own travel management personnel.

Private individuals and those Federal employees who want personal Directory copies should contact the *Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402*. The commercial telephone number is (202) 783-3238; the Federal Telecommunications System (FTS) number is 783-3238.

How To Use the Directory

Discount lodgings are listed in the **Directory** alphabetically by State, by city within each State, and by hotel/motel name within each city.

All rates are for one day and single occupancy. Unless otherwise noted, they are in effect through December 31, 1983, and all days of the week.

Each entry has a local telephone number and a mail address with the post office zip code for user convenience in making reservations. The telephone area code appears with the city name. The last line of some entries shows the distance to the nearest airport. Washington, D.C., and New York City entries may

include the following airport identity codes: B, Baltimore-Washington International; D, Dulles International; Nat'l, National; J, John F. Kennedy; E, Newark, N.J.; and L, La Guardia. A dot in front of the hotel or motel name indicates free limousine service.

Reservation Reminders

To avoid inconvenience to the traveler and misunderstandings with hotel/motel managers, make reservations as soon as trips are scheduled, ask for the Federal discount rate, and confirm the expected daily charge. Travelers should carry Federal identification and remind the registration clerks that they are Federal travelers when they check in.

Suggestions, Commendations, and Complaints

The regional offices of the Office of Federal Supply and Services (FSS) shown on the next page negotiated the original discount rates for each establishment in the **Directory** and will renegotiate future rates. They need to know if you encounter a substandard quality of lodging or are overcharged. A commendation for an establishment's special helpfulness or good service or a suggestion for an improvement in discount listings or arrangements should be forwarded to the same regional office. Contact the appropriate office for the city you are visiting as shown on the next page. Ask for the Director of Transportation, FSS, U.S. General Services Administration.
